Choose 5 English tasks to complete.

- Remember - great students check their work.
- Do all of my sentences start with a capital letter?
- Do all of my sentences have punctuation at the end?
- Have I done my best at spelling?
- Do my sentences make sense?
- Is my writing neat?

Read the poem **Play!**
Circle all of the verbs.

Pretend you are an animal.
Write the poem again but change all of the verbs to show what that animal can do.

Write a comment on a Year 2 blog.

2016 is a leap year. What does this mean?

Watch one of your parents working in the house.
Write down all the things they did.
Circle the verbs in your sentences.

Read for 10 minutes every night.
Talk to someone in your family about what you have read.

- Text to Self
- Text to Text
- Text to World

Please return your Permission to Publish and Local Area Excursion notes if you have not done this already.
See your teacher if you need a new note.
## Maths Homework - Number

### Our learning goals are:
- I can count forwards and backwards by 2 to 100.
- I can count forwards and backwards by 5 to 100.
- I can count forwards and backwards by 3 to 36.
- I can identify a missing number in a counting pattern and tell how I know which number is missing.

Practise your skip counting every night.
Ask someone in your family to listen to you.
Tick the learning goals when you can do them.
Tell your teacher when you can do each counting goal.

### What's my missing number?

a) 3, 6, 9, __, 15
b) 5, 10, ___, 20, 25
c) 45, 40, 35, ___, 25
d) 24, 21, ___, 15, 12

Choose one of the counting patterns in the box above.
In your book, copy the pattern and write how you knew which number was missing.

You could use these words
counted forwards
grew up by
counted backwards
grew down by

Use skip counting to help you work out the dancing men questions.

How many legs? \[ \begin{array}{c}\text{\texttt{\textbullet\textbullet\textbullet\textbullet\textbullet\textbullet}}\end{array} = ____ \]

How many eyes? \[ \begin{array}{c}\text{\texttt{\textbullet\textbullet\textbullet\textbullet\textbullet\textbullet\textbullet}}\end{array} = ____ \]

How many toes? \[ \begin{array}{c}\text{\texttt{\textbullet\textbullet\textbullet\textbullet\textbullet\textbullet\textbullet\textbullet}}\end{array} = ____ \]

Draw a stick person pattern to show 36.

Will your pattern use twos or threes?
How many dancing men will you need?

### Word Problem

Ms Sarkis drew 6 triangles on the board.
How many sides were there altogether?

### CHALLENGE:

When Mrs Barbuto drew some triangles there were 24 sides.
How many triangles did Mrs Barbuto draw?
Maths Homework - Measurement

Our learning goals are:
☐ I can find a date on a calendar
☐ I can work out how many days, weeks or months until an event.

Complete the table

<table>
<thead>
<tr>
<th>Months with 30 days</th>
<th>Months with 31 days</th>
<th>Months with 28 or 29 days</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Mum said that there were only 9 more days until Zoe would be going to the zoo.

If today is the 17th of March, on which day is Zoe going to the zoo?

Use a 2016 calendar to help you answer these questions.

Starting from Thursday, 3rd March, how many:
a) days until Friday, 11th March?
b) weeks until Thursday, 14th July?
c) months until November?

The Rio Olympics open on Friday, 6th of August and end on Sunday, 21st August. How many days do they go for?

Use a calendar to find the birthdates of the people in your family.
Write the day and date of each person’s birthday in your homework book.

eg My sister’s birthday will be on Wednesday the 10th of August. My mum’s birthday was on Friday the 15th of January.
